

Antique Rug Studio

Mid 19th Century Central Asian Ersari - Beshir Main Carpet

Description

The brick ground is closely covered by a lattice of ivory and dark blue which flows easily around three columns of characteristic Turkoman nomadic guls in ivory, apricot and dark blue. The white zig-zag of the main border is particularly appealing as a frame. The background pattern of the field is particularly rare for Ersari Afghan carpets. C.1860

Stock ID:	#21852
General Rug Type:	Baluch-Turkmen
Specific Rug Type:	Ersari - Beshir
Circa:	1860
Color:	Oxblood
Origin:	Afghanistan
Material:	Wool
